

**DESIGNERRANGE A BESPOKE SERVICE**

Gramm Barrier Systems provides a bespoke service to satisfy individual needs in terms of product type, size, finish and features. The **DESIGNERRANGE** complements all our railing systems.

The products included in this brochure indicate the most commonly requested sizes and dimensions for each of the fencing systems.

The **DESIGNERRANGE** enables the client to individually design and create a fence system to specifically enhance architectural surroundings, incorporating where required additional safety features, or to satisfy local area planning requirements.
